Aerodyne Corporation

March 17, 2013

To Whom It May Concern:

It is with great pleasure that I recommend Marquis "Quest" Parker.

Quest has always displayed a high degree of integrity, responsibility, and ambition. He is definitely a leader rather than a follower. His eye for details is unmatched in his profession

He is also very dependable. His good judgment and mature outlook ensure a logical and practical approach to his clients.

Quest would be essential to any of your detailing needs, and I am happy to give him my wholehearted endorsement. He has personally cleaned my aircraft and several other customers for Aerodyne Corporation.

Sincerely,

James H Tarkington
Office Manager
